

ABOUT US

Trentadue Winery, one of the oldest family owned and operated wineries in Sonoma County, is a winery and vineyard in the heart of Alexander Valley, specializing in exquisite, varietally correct red wines and dessert wines. In addition to an Estate with 200 acres under vine, some of which were planted in the 19th century, Trentadue is recognized as the top wedding venue in the county. Our farming practices reflect our commitment to exceptional fruit quality and our stewardship of the land from which it comes. We strive to balance the traditions of the area's early Italian growers and the ever-evolving viticulture industry. Sustainable agriculture is practiced, as we are stewards of our land and utilize all of the elements available to put the most we can offer into each bottle of wine while retaining the viability of our Estate for generations to come.
