

TRENTADUE

Old Patch Red

2024

CALIFORNIA RED WINE

WINEMAKER NOTES

The 2024 Vintage season was blessed with beautiful weather and little to no pressure to harvest until the fruit was showing its best flavors and acidity, also we did not have any rain threats compared to the multiple rain events we dealt with during the 2023 harvest. Overall, the season moved quickly once it started and was a week to two weeks shorter than most harvest seasons wrapping up before the end of October. From a quality perspective, we had some great degree days, but the nighttime temperatures were very cool and that diurnal shift that we thrive on in Sonoma County to keep the high acids and high-quality really rung true this year. All grape varieties ripened in normal and orderly fashion.

Our 2024 Old Patch Red is back to Sonoma County! It is also 100% Alexander Valley and 100% of the fruit grown on our Estate in Alexander Valley. The wine has dark red color with intense black cherry aromas, blueberries, and blackberries as an immediate impression. With aeration, nuances of ripe plums and cocoa powder are shown with a dose of toasted oak and maple syrup. On the mouth the wine is fresh and juicy with youthful brightness, finishing long and fruity. This is a wine that will pair well with variety of foods, but it is also very enjoyable on its own. Our 2024 OPR is delicious now, but it will reward your patience with 2-5 years of aging. Cheers!
